(Reaffirmed in 2017) Wyoming Farm Bureau believes that the Beef Check-Off should not fund the Global Roundtable for Sustainable Beef.
- WyFB Policy Resolution [2011]-WYFB supports a statewide effort to require voters to show photo identification prior to receiving a ballot in any and all polling places.
- WyFB State Resolution [2020]-Wyoming Farm Bureau condemns the Wyoming Department of Health's overreach of power in its response to the 2019 Chinese Wuhan virus (SARS-CoV-2) also known as COVID-19, which conflicts with the U.S. and Wyoming state constitutions that guarantee the right to peaceably assemble, the right to freely exercise one's religion, and the right of due process before arresting business owners for exercising their liberty in a free market economy. The Wyoming Department of Health, in step with the governor, showed a lack of responsibility, causing a needless and unconstitutional shutdown of the state's economy, resulting in unprecedented job loss and financial devastation in 2020.
