YF&R

The Farm Bureau Young Farmer & Rancher (YF&R) program is for all agriculturalists between the ages of 18-35. We train leaders who work to preserve our individual freedoms and expand opportunities in agriculture.

The YF&R program is a committee centered, fully integrated part of Farm Bureau at the county, state and national level. The program offers opportunities in: leadership development; legislative awareness; educational conferences; networking with other farmers and ranchers; and competitive events.

Since 1920, we have formed a solid foundation for service to agriculture and our nation.

Local

County Farm Bureaus influence local issues such as land use planning and governmental spending.

State

Farm Bureau represents the interests of its members at the State legislature and in the regulatory process.

National

Farm Bureau has a reputation for mobilizing forces to support the interests of its members in federal legislation and international trade. The federation works from policies that originate at the county level.

We truly are *neighbors helping neighbors*. Protecting private property rights and helping members achieve an equitable return on their investment is our mission.
